Fares Elsayed Elabasery

Backend Developer (Laravel-php)

01207286573 · **Linkedin** · **Github** · **Gmail** · Sidi Gaber, Alexandria, Egypt

SUMMARY

I am a young and self-motivated computer scientist eager to learn. A good team player with the ability to work independently. I possess a great deal of enthusiasm and energy that will contribute to the successful implementation of any task within required time constraints, but also, I have the ability to communicate effectively at all levels in an organization as well as build strong relationships through collaboration. Interested to explore the following sectors: Software Development/Web Development(Laravel)

TECHNICAL SKILLS

• Programming languages: PHP, JavaScript, Python, C++, C#
• Frameworks: Laravel , React
• Databases: Microsoft SQL Server, MYSQL
• More: Algorithm, Data Structures, Design Patterns, OOP, Git, Postman, Google Maps, Problem-Solving

INTERNSHIPS AND TRAININGS

Damietta university   **July 2021 -Aug 2021**
Computer Science Intern
 As a computer science intern, I bring a unique skill set and knowledge that adds value to the team. I can make specialized contributions to projects and tasks with my deep understanding of programming languages, algorithms, data structures, and other key concepts in computer science.

 Alexandria university   **Aug 2021 -Sep 2021**
HackerRank Campus Club, AUFS
 I strive to enhance my front-end development skills in HTML, CSS, and JavaScript to create visually appealing interfaces for software applications. By focusing on both soft skills and technical abilities, I aim to make a valuable contribution to the team and advance as a computer science professional.

LANGUAGES

• Arabic (Mother Tongue)
• English (Very Good)

EDUCATION

Bachelor of Science - Damietta University   **Sep 2019 – June 2022**
Major: Computer Science
GPA : 3.16

Graduation Project : Make Gate of Research website(Library website) using Laravel API and React to provide graduated students with ample resources to facilitate their research endeavors (Github)
